✓ Relocating to Poland: Spring 2027 (Feb–Jun)

LIVE PRODUCTION DEPLOYMENTS & SOFTWARE PROJECTS

CineLog — Film & TV Tracking PWA

✓ Live on Vercel

React • TypeScript • TMDB REST API • Mobile PWA • Vercel

Progressive Web App for movie and series exploration, personal watchlists, and review diaries with touch-first ergonomics.

- Asynchronous REST API query caching & poster image optimization.
- Dark-canvas aesthetic with fluid bottom-sheet touch navigation.
- Edge CDN rendering and PWA installability across mobile viewports.

🔗 **Live App:** cinelog-phi.vercel.app/?tab=explore

Poland Internship Hunter — Automation Platform

Desktop App

TypeScript • React • SQLite • Electron • Gemini AI • Nodemailer

Desktop CRM automating European curricular internship outreach, fit-scoring, and scheduled background career board queries.

- 5-factor explainable algorithm matching candidate skills to Polish firms.
- Local relational SQLite database with 14-stage Kanban pipeline tracking.
- Direct Gmail SMTP rate-limited dispatch and RFC 822 .eml export.

🔗 **GitHub:** github.com/FabioSilva32/poland-internship-hunter

Retiro Interior — Concept & Tourism Web Portal

✓ Live on Netlify

HTML5 • CSS3 • JavaScript • Responsive UX • Netlify

Modern, responsive web platform highlighting interior regional tourism, nature retreats, and eco-hospitality experiences.

- Interactive section routing (`#conceito`, accommodations, activities).
- Fluid responsive layout optimized across mobile, tablet, and desktop viewports.
- Clean typography hierarchy, smooth anchor scrolling, and visual polish.

🔗 **Live App:** retirointerior.netlify.app/#conceito

StocksVault — Financial Portfolio & Stock Tracker

✓ Live on Netlify

Angular • TypeScript • REST API • Data Visualizations • Netlify

Production web application for managing equity investments, interactive asset comparisons, custom watchlists, and financial health metrics.

- Reactive Angular services managing live portfolio allocations and metrics.
- Interactive asset comparison tables, watchlist tracking, and AI copilot.
- Production CI/CD deployment with instant client-side routing.

🔗 **Live App:** stocksvault.netlify.app/portfolio

ACRIALBI — Creative Digital & Ideation Showcase

✓ Live on Netlify

Web Multimedia • JavaScript • CSS Grid/Flexbox • Netlify

Interactive web presence built to present digital media concepts, community initiatives, and creative ideation projects.

- Component-oriented UI sections with interactive showcase galleries (`#ideias`).
- Accessible contrast ratios adhering to modern WCAG web standards.
- Streamlined asset loading and responsive design execution.

🔗 **Live App:** acrialbi.netlify.app/#ideias

Institutional Systems Support & Education

IPCA • Practical Internships

Hospital Misericórdia • Câmara de Vila Verde • IPCA

Hands-on IT systems, database integrity, and procedural documentation in real-world institutional settings.

- Hospital Misericórdia: verified health records with zero error tolerance.
- City Hall: audited supplier datasets eliminating duplicate entries.
- IPCA: Web Multimedia Development (TypeScript, Angular, React, SQL, UX).

🎓 **Target Placement: Poland (Feb 1 – Jun 30, 2027)**
